The Twelve Powers

A New Class facilitated by Licensed Unity Teacher,

Sharon Dwyer

A study of the book *The Twelve Powers* by Charles Fillmore, co-founder of the Unity movement.

Fillmore developed the paradigm or framework of the Twelve Powers as twelve expressions of the one Power within each of us. The Twelve Powers are: love, faith, understanding, wisdom, imagination, zeal, strength, will, life, power, renunciation and order.

Fillmore also saw the twelve disciples of Jesus as symbolically representing each of these twelve pathways. These Twelve Powers of the Christ, of the divine potential that we are here on earth to realize, are pathways to becoming a fully awakened human being.

Unity has designated 2010 as "The Year of the Twelve Powers." This class is being offered as a means to explore this significant concept in Unity teachings.

"LORD SAVE US FROM YOUR FOLLOWERS"

In the spirit of wondering why we all can't just get along, filmmaker Dan Merchant takes to the streets to ask average folks about religious faith and why it seems to be such a divisive force in America's so-called "culture wars." In addition to man-on-the-street perspectives, the thought-provoking (and refreshingly civil) conversation includes input from activists on both sides of the ideological spectrum. your target audience. SMOKING ORDINANCE LAW

UCOL has made some changes based on the Smoking Ordinance Law. If you smoke on the property and/or annex, please note signs on entrances and see that smoking receptacles have been moved to proper footage requirements. Thank you so much in advance for blessing us with compliance, as the tickets are very expensive and get higher with the number of tickets received!

We see all on our prayer list enfolded in God's peace, guided by God's light, healed by God's life, and prospered by God's love.

Each of them accepts the bountiful blessings God pours into their lives. We hold all in our prayers for 30 days then remove names and forward them on to Unity Village.
