Unity Church of Lawrence

Unity E-News

Happy summer everyone! As we take our holidays and relax into the slower times of summer, let us keep in mind that the church continues to operate. As many of you know this time of year is typically slower for all churches and income may become a challenge. We hold your gifts and tithes in sacred trust that we are good stewards of your abundant generosity. To carry us into the black we have streamlined the operations and now we will be receiving the prosperity that is the Truth of our being to balance the budget. we are going to one service beginning Sunday, July 3rd. This will allow both a savings in spending and a feeling of community as we fill the sanctuary with love and light from each of you that are here. I asked as many weekly attending first service folks as I could connect with about this decision and everyone I spoke with said they would step into the second service and increase their giving for the next three months. In October we will re-evaluate and affirm we will be so full we will add the first service back. We will be asking you to consider opportunities for service in our beautiful spiritual community so that we can continue our hospitality time, our youth ministry and office support. Please feel free to call me or email me with your interests and I am happy to hook you up! We are blessed. This community has demonstrated its ability to pull together and I affirm we will be reaching smooth waters in our finances in no time. Thank you all so much for your generosity, support and love. Now is the time to really live our vision: "United in love and joy, we celebrate a peaceful and abundant world for all" and our mission: "We are a thriving spiritual community, sharing love, building bridges and inspiring transformation". When we live these words we manifest that reality! Blessings of abundant life to all of you and we miss you when you are not here!

You are loved beyond measure!
